### REMARKS

Applicants elect claim Group II, claims 8-20, without traverse. Applicants note that the Detailed Action listed claims 9-20 as Group II, described as being "drawn to a discharge lamp, classified in class 313, subclass 493", but believe that independent claim 8, which claims "a discharge lamp" should be included in this group.

Applicants reserve the right to pursue the non-elected species by way of a continuing/divisional application claiming priority from the present application, or another continuing application claiming priority from the present application.

Applicants await substantive examination.

Respectfully submitted,
